EXPERIENCE

Teaching Assistant   **Dec 2022 - present**
edX Bootcamps   **Remote**

- Mentor aspiring software developers in problem-solving techniques, helping them to develop critical thinking skills and apply these skills to complex technical challenges
- Demonstrate a commitment to continuous learning and professional development by staying up-to-date with the latest tools and technologies
- Encourage students to collaborate and work as a team effectively through clear communication and articulation to complete deployed projects

Preschool Teacher   **2018-2021**
Joyful Noise Child Development Center | Portland, OR

- Demonstrated the ability to work collaboratively as part of a team as evidenced by years of working with other co-teachers, parents, and administrators resulting in my ability to work effectively in a software development team
- Utilized creative problem-solving skills to manage classroom dynamics and adapted to the diverse needs of young learners that led to the overall success of each student
- Developed excellent attention to detail and organizational skills through managing schedules, tracking student progress, and managing classroom resources which has helped me

Substitute Math/Japanese Teacher   **2016-2017**
Pacific Crest Community School | Portland, OR

- Successfully taught students how to take complex math problems and break them down into smaller, more solvable problems
- Engaged the students and promote a collaborative approach to learning
- Assigned, graded, and provided personalized feedback on homework and exams and com
